

# **WHOLESALE DELIVERY AND SUPPLY SERVICE**

## **MDPU 185**

### **AVAILABILITY**

Electric delivery service under this rate is available to any Electric Company (Company) to provide service to a customer of that Company over the Department's electric distribution system for resale to that customer.

Service under this schedule is at the discretion of the Department. Any Company receiving service under this rate will be required to execute a Service Agreement setting forth the specific provisions of service to that customer.

### **RATES**

Customer Charge	\$200.00 per monthly billing period
Demand Charges	
Distribution Demand	\$15.00 /kVA
Purchased Power Demand	\$17.00 /kVA
Purchased Power Energy Charge	0.0800 /kWh

Purchased Power Charge Adjustment: As set forth in the Department's "Purchased Power Adjustment" tariff, MDPU 180

### **DETERMINATION OF BILLING DEMAND**

For purposes of billing the Demand Charge, the billing demand shall be the greatest 15-minute demand recorded in the billing month, measured in Kilovolt-Amperes (kVA), but shall not be less than 80% of the greatest 15-minute peak occurring during the preceding 11 months.

For final billing of an account, the billing demand to be used will be determined based on the actual demand reading since the most recent billing. The Demand Charge will reflect the actual demand recorded since the most recent billing and will not be the ratcheted 80% billing demand occurring during the previous 11 months.

### **MINIMUM CHARGE**

The minimum charge will be the monthly Customer Charge.
